Home Installer | Labourer

Life Style Store ... designs, builds, installs and uniquely programs Home Theatre and Automation systems for their customers, to their individual specifications and budgets, in a fast and efficient manner, from a North Parramatta location.

Home Automation systems offer the ultimate in convenience by making the electronic components people use daily work together seamlessly. They create personalised experiences which add comfort, savings, convenience, and peace of mind by integrating everything from lighting, music, video, climate control, security and more.

From door locks to lights, air conditioning to blinds, motorised TV's to water features, Our Client brings them all together to give their customers the ability to control them from anywhere in the world from their smartphone or tablet.

THIS JOB ...

Is a Home Installer role designed to help you learn everything you need to know so that you can confidently enter a customer's house and INSTALL their Home Theatre and or Automation system to their unique specifications.
